

2017-2018 Influenza Recap

This past November-February has been considered one of the worst in U.S. history when it comes to the flu. It is VaxPro's mission to not only vaccinate, but to educate our community on the importance of getting a flu shot and how it can prevent serious illness and possibly death.

Time to Register for your 2018 Flu Clinic!

Sign up early for preferential scheduling this upcoming Fall. Schedule a day that works best for your company and reduce employee sick days this upcoming flu season by calling 262-241-4522 or email info@vaxpro.com.

About VaxPro

VaxPro is a wellness company that specializes in onsite flu vaccinations. Having a clinic at your work place will dramatically increase the participation of your employees. This is a great benefit for your employees, rather than having them take time to go to a pharmacy or doctor's office for their annual flu shot. Many employees are busy and will avoid getting their flu shot if they don't receive one at work. Ultimately, your employees will stay healthy which will increase overall productivity at your

VaxPro is a preferred provider for the following insurance companies: Alliance Group, Anthem, Blue Cross Blue Shield, GHC, Humana, Medicare Part B, Network Health Plan, Physicians Plus, Quartz (Unity), SSM Health (Dean Health Plan), UMR, United Healthcare and WPS. If your company has one of these health insurance plans and is not self-insured, we can vaccinate your employees and spouses as a wellness benefit at no charge to the company.

The Facts

As reported in the CDC's, "National Early-Season Flu Vaccination Coverage, United States, November 2017", it was determined that about only approximately two of every five children and adults in the United States had received an influenza vaccination by early November 2017:

- 38.6% of all persons 6 months and older
- 38.8% of children 6 months through 17 years
- 38.5% of adults 18 years and older.
