COVID-19 Update In Wisconsin

The COVID-19 vaccine is being distributed throughout [Wisconsin](#) in a phased approach, however it is anticipated that all people over the age of 16 will be eligible by May 1st. Remember that vaccine supply is limited, and current vaccinations target specific groups of people with a higher risk for COVID-19 infection.

Who's Eligible

- Frontline health care personnel
- Residents and staff in skilled nursing and long-term care facilities
- Police and fire personnel, correctional staff
- Adults ages 65 and over
- Education and child care
- Individuals enrolled in Medicaid long-term care programs
- Some public-facing essential workers
- Non-frontline essential health care personnel
- Facility staff and residents in congregate living settings
- Individuals with certain medical conditions

Who's Next

- All individuals 16 and over

Almost 1 Million Residents Fully Vaccinated Against COVID-19

Even though [Wisconsin](#) is averaging around 470 daily coronavirus cases, a huge milestone is upon us. Over 2.5 million doses of the coronavirus vaccine have been administered in Wisconsin as of Sunday, March 28th with 56.3 percent of Wisconsinites age 65 and over fully vaccinated.

Influenza Update
