Our Mission

VaxPro is a Wisconsin-based wellness company that specializes in annual influenza (flu) shot clinics for businesses, health fairs, school districts and senior group homes.

We provide customized, onsite clinics that are staffed by licensed healthcare professionals. Besides flu shots, VaxPro offers a Biometric Screening service that assesses your employee's potential risk to develop cardiovascular disease and diabetes.

What's Been Happening?

The WHO Picks Strains For 2019-2020 Flu Vaccine

Strains for 2019-2020 flu vaccine have been released by the World Health Organization! It is recommended that egg based quadrivalent vaccines for use in the 2019-2020 northern hemisphere influenza season contain...

Measles

Measles is a highly contagious disease. Protect your children by making sure they are up to date with their measles vaccination, especially before traveling abroad. According to the CDC, "It is so contagious that if one person has it, up to 90% of the people around him or her will

VaxPro's Wellness Talks: Episode 07

The conversation includes an update from the CDC regarding illness/mortality for the 2018-2019 influenza season, the recent measles outbreak is discussed along with the new Shingrix vaccine for Shingles.

also become infected if they are not protected."

Read more on how you can prevent the measles below!
